

Exhibit A
Teach-Out and Articulation Agreement
Between MacMurray College and Illinois College

This agreement will enable MacMurray College students who were enrolled in the spring 2020 semester the opportunity to complete their undergraduate studies at Illinois College. Specifically, Illinois College will offer transfer options in supporting students for the following majors:

Accounting
Art
Biology
Business Administration
Chemistry
Criminal Justice
Elementary Education
Marketing
Nursing (RN-to-BSN completion, online only)
Philosophy, Political Science and Economics
Psychology
Sport Management

Illinois College will act as a Teach-Out receiving institution for MacMurray students who have earned **87 credit hours or more** by May 31, 2020. Under this agreement:

Illinois College will accept all earned credit for 100-level courses and above (inclusive of those credits earned at MacMurray College and those credits awarded by MacMurray College) for students in good social and academic standing at both institutions.

MacMurray College graduation requirements will be mapped to Illinois College offerings to ensure MacMurray College students graduate in a timely manner. Students who are within 33 credits of completing their degree will be eligible to earn their degree by completing the same requirements, to the extent possible, as they would have needed to complete their degree at MacMurray College, without being required to meet additional Illinois College requirements.

Students will not be subject to the Illinois College residency requirement, as long as they complete all remaining coursework toward their degree at Illinois College.

Illinois College will offer the following special transfer accommodations to MacMurray College students who have earned **60 - 86 credit hours** by the end of spring semester:

Illinois College will accept all earned credit for 100-level courses and above (inclusive of those credits earned at MacMurray College and those credits awarded by MacMurray College) for students in good social and academic standing at both institutions.

Students who have earned at least sixty credits hours toward their degree will be eligible to earn their degree by completing general education requirements equivalent to MacMurray College's and completing the Illinois College requirements for their major. This includes waiver of the Convocation requirement.

Students who have earned at least 75 credit hours will not be subject to the Illinois College residency requirement, as long as they complete all remaining coursework toward their degree at Illinois College.

MacMurray students who have earned **12 - 59 credit hours** by the end of spring semester will be treated as regular transfer students from an academic perspective but have special scholarship opportunities available to them:

Receive credit for all 100-level course or higher with grades of "C-" or better for students in good social and academic standing at both institutions

The obligations pursuant to this Agreement for a teach-out shall terminate when all MacMurray College students accepted by Illinois College pursuant to this Agreement have graduated from Illinois College, have failed to be continuously enrolled at Illinois College, or four years from the date of this agreement, whichever comes first. Furthermore, the provisions of this agreement will pertain only to MacMurray College students who enroll at Illinois College within one calendar year of MacMurray College's announcement to close.
