

**EXHIBIT A - Program Transferability Attachment**  
Between  
MacMurray College and **William Woods University**

In an effort to provide the best possible experience for students transitioning from MacMurray College to **William Woods University**, **William Woods University** has prepared the following transfer agreement for MacMurray College students.

**Hours allowed in transfer:**

Due to the exceptional nature of this situation, William Woods will waive the limit on the number of credit hours that may be transferred in application to the minimum hours required to meet the requirements for a Bachelor's degree. The residency requirement will also be waived, so long as the student does not attend and attempt to transfer credit from anywhere after leaving MacMurray and prior to beginning coursework at William Woods.

**General Education:**

Students who have completed MacMurray's general education requirement, shall ask the MacMurray registrar to note this on the student's official transcript sent to William Woods University registrar. Students with this notation will be considered to have their general education requirements for William Woods University met.

Students who have not completed MacMurray's general education requirements prior to transferring to William Woods University will need to complete the William Woods general education requirements. William Woods University registrar and Academic Services will be as generous as possible in applying MacMurray courses to the William Woods general education requirements, but it is likely that there will be some classes these students will need to take to complete the William Woods general education requirements.
